The success of J.K. Rowling's *Harry Potter* series has been a heartwarming phenomenon to all those who love books.

The worldwide reception that these works have received added greatly to the sense of privilege that I felt when I was given the honor of composing the music for the film version of *Harry Potter and the Sorcerer's Stone.*

The story's imaginative array of wizards flying on broomsticks and mail-delivering owls, all occupying a wondrous world of magic, offered a unique canvas for music, and the prospect of sharing it with some part of the great army of readers who love these books is a great joy to me.
